True False

What can you remember?

6. What is the name of the nearest town to Maria Ribeira?
7. How far away is it from Maria Ribeira?
8. What is the name of the new church that has been formed by Duca Castro and his family?
9. What did the Anglican Diocese of the Amazon help the people of Maria Ribeira to get?
10. Why were they so important?

3) Calculations and currency

Four fishermen go out onto the Amazon river in a boat. They catch 42 fish in total.

Each fisherman takes home two fish for dinner. How many fish are left?

They then sell 20 fish. Each fish costs 2 Brazilian Real. How much money do the fishermen make?

If they divide the money equally between the four of them, how much will they each get?

How many fish are left to keep in the freezers?
